User Engagement Insights

Track individual user activity and engagement patterns. Identify users who may need proactive outreach based on ticket frequency and recency.

Users with high 'Days Since Last Ticket' values may indicate successful issue resolution or potential churn risk. Consider proactive check-ins for users with extended gaps.

User Activity Overview

User Name	Email	Country	Total...	1	2024-08-19	Last Ticket...	Days Since Last...	644
Matthew Gonzalez	matthew.gonzalez25@example.com	AU		1	2024-06-28		696
